

Blue Stream Fiber for Sonoma Bay Community Homeowners Association, Inc.

Blue Stream
fiber

April 21, 2025

Dear Board Members of Sonoma Bay Community,

Thank you for the opportunity to participate in your selection process. We understand the importance of the task you have in finding the right provider and Sonoma Bay Community should expect a service provider that becomes a true part of the community and treats the residents, staff and board members with the respect and honest approach that they deserve.

To fulfill the unique needs of Sonoma Bay Community residents, Blue Stream Fiber has created a proposal that goes beyond the usual TV and Internet offering to fully addresses the real needs of the community including:

- 100% fiber-optic network with the most advanced Internet speed at 10 Gig capability for every resident throughout the community
- Smooth construction that respects the community and ensures the property is future proofed
- Reliability that includes guaranteed WiFi coverage, speeds & quality in every home
- Benefits and cost savings of a bulk agreement

The remainder of this proposal covers the details of all that Blue Stream Fiber can offer your community as well as proposed rates and terms on page 12. It is our hope that we clearly demonstrated that we listened to you and that the combination of products, service and support from Blue Stream Fiber is the perfect match for your residents.

Should you have any questions please do not hesitate to reach out to me directly on my personal phone at 561-918-8557.

Thank you for your time and consideration.

Benefits of Fiber Optics for Sonoma Bay Community

Speed

Fiber-optic Internet is many times **faster** than even the highest-speed copper Internet connections (i.e., coaxial cable). During periods of high demand for Internet access, fiber ensures you can be productive and rely on your internet experience.

Signal Strength

With traditional broadband Internet, the signal degrades as the user moves away from the switch. The signal strength of fiber-optic Internet does not degrade as quickly over distance. Residences and organizations in relatively large spaces could benefit from **better signal strength** throughout.

Bandwidth

For a high need for data transmission, fiber-optic bandwidth availability is significantly higher, and speed does not decrease as high demands are put on the network. Video streaming, conferencing, file sharing, cloud applications, and more place high demands on bandwidth. **Fiber upgrade is a significant benefit.**

Security

Hackers and information thieves can gain access to residential business cable Internet with relative ease, due to cable tapping or other relatively simple methodologies. Fiber-optic Internet is one powerful way to increase your **protection against cybercrime.**

Protection from Latency

This is a term used to describe delays that occur while processing data over an Internet connection. Fiber-optic Internet eliminates many of the latency issues users experience on cable Internet, particularly when downloading or uploading video or high-definition content.

Reliability

Fiber is much stronger than copper. Fiber-optic Internet is not susceptible to inclement weather conditions, which can damage or stall data transmission via copper cabling. Fiber is also resistant to human or electrical interference unless fibers are physically cut. Any amount of unplanned downtime can bring communications and productivity to a complete stop.

Benefits of Blue Stream Fiber Total Home WiFi for Sonoma Bay Community

BLUE STREAM FIBER PROVIDES SYMMETRICAL UPLOAD AND DOWNLOAD SPEEDS TO MEET THE INCREASING DEMAND ON USAGE SUCH AS TELEHEALTH, CALLS WITH FAMILY, STREAMING AND WORKING FROM HOME.

Whole-Home Mesh WiFi Architecture

Each home will receive an Optical Network Terminal (ONT) and Whole-Home Mesh WiFi pods. The WiFi system we install analyzes the network and optimizes the signal for each device. This ensures every device has the absolute best signal and speed in every corner of the home, in every room and patio.

Adaptive WiFi™

Send stronger signals to rooms where WiFi usage is higher. Get temporary boosts when downloading large files.

Guest Access

Create temporary passwords that grant different permissions to babysitters vs. weekend visitors.

Parental Controls

Restrict certain content, freeze WiFi for certain devices (or at certain times) and more.

AI Security™

Protect your community with advanced cybersecurity features, like ad blocking and quarantining compromised devices.

Total Control with the App

Enjoy whole-home awareness at your fingertips, whether you're in the house or on the go.

Benefits of Blue Stream Fiber TV for Sonoma Bay Community

Advanced Technology Made Easy!

Our TV service is an entertainment and lifestyle platform fully integrated with Google Assistant. You'll not only enjoy the best of traditional TV service but you'll also have our Android TV service with TiVo and access to over 5,000 apps in the Google Play Store. Search and play content, get answers, and even manage your Google Home devices.

Access to TV-Anywhere

The Blue Stream App delivers up to 190 Channels, On Demand, and access to the Cloud DVR anywhere you have internet. Easy access when utilizing Firestick, Apple TV, and Android TV.

Blue Stream Fiber TV, powered by TiVo and Google Android

Blue Stream Fiber is the only technology provider in Florida with a fully deployed entertainment and lifestyle platform powered by TiVo and fully integrated with Google Assistant. The eSTREAM™ 4K, powered by Android TV set top box is small enough to fit behind the TV and the voice remote can be used to play entertainment TV, get information, and control IOT smart home devices.

Industry Leading Channel Lineup

Our packages feature channels like ESPN, Golf Channel, Disney, National Geographic, Turner Classic Movies, Bravo and many more! Plus, we include 50 commercial-free Music Channels.

Combine the best of traditional TV with all of the favorite Apps!

Enjoy a fully integrated search and discovery with popular streaming apps like Netflix, Hulu, Amazon Prime Video, Disney+, and Starz Apps. Create playlists with all available episode of a series whether on Streaming TV, Cable TV, or On Demand.

Cloud DVR

Our Multi-Room DV system allows you to start watching a recording in one room and finish in another. Watch different recordings on multiple TVs at the same time.

THE BLUE STREAM FIBER VOICE REMOTE DRAMATICALLY IMPROVES THE TV AND REMOTE EXPERIENCE

Benefits of Easy-to-Use Voice Remote for Sonoma Bay Community

We understand the role that a remote control plays. That is why Blue Stream Fiber puts the power of TiVo and Google Assistant right in the palm of your hand. Simultaneously search across live TV, recordings, and streaming services to deliver personalized results based on what is watched and when!

Say it, See it, Watch it

In the mood for a comedy but can't decide which one to watch? Let our remote help. Just say "Show me comedies on tonight" and instantly see what's playing. No More time-consuming and clunky text entry searches.

Trying to find something specific but can't remember the name? Tell our voice remote to "Show me action movies." You can even refine your search by saying, "Just the ones with Bruce Willis".

Don't feel like digging through endless pages of the Program Guide? Simply say, "Show me what's on tonight." Our TV service will display shows and movies based on what you have watched before.

**Easy to Use.
Fast. Smart. Intuitive.**
